Report of Principal and School Improvement Council

The 2012-2013 school year saw 175 students graduate from Southside High School. These graduates represent the best of Greenville County Schools. The graduating class of 2013 earned over six million dollars in scholarship money. Southside had two (2) winners of the Presidential Merit Scholarship and a total of six (6) students who were National Merit Finalists. Three (3) students received a perfect score on the math portion of the SAT, and three (3) other students earned a perfect score on the critical reading portion of the SAT. Additionally, one (1) student was recognized as the top performing student for Greenville County Schools based on her cumulative score on the SAT. Also, seventeen (17) students were recognized as Advances Placement Scholars. Our graduates will be attending some of the finest post-secondary educational institutions in the country.

Through the effort of students, teachers, parents and stakeholders, Southside continues to grow academically. The school posted its highest cumulative EOC totals to date and sustained improvement is expected when the First Time HSAP (High School Assessment Program) scores are release. Southside recently changed the school's tagline to "Celebrating Diversity. United in Learning." Southside's diversity is her strength and our goal remains to meet our students where they are academically, socially and emotionally and move them forward as they become well-rounded students and athletes who make positive contributions to our community.

Respectfully,

Carlos Brooks,  
Principal

Dr. Carol Wilson,  
SIC Chairman

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	59.1
Overall Grade Conversion	F

70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
